

Download Our Mobile App This Earth Day!

Happy Earth Day! The purpose of Earth Day is to raise awareness of the need to protect the Earth's natural resources for future generations. One of the best ways people can protect the planet is to ***recycle properly.***

The Pellitteri Waste Systems [mobile app](#) has a Recycle Right Search Tool so you can check if items can be recycled.

The app also allows you to:

- View your collection schedule
- Get alerts for inclement weather or delays
- Set a weekly reminder so you never miss trash or recycling day again

Thanks for recycling and doing your part! Please contact us with any questions at 608.257.4285 or info@pellitteri.com.
